As the largest professional research organization serving the commercial real estate industry, CoStar is uniquely positioned to identify the top firms and brokers in each market. Every year, CoStar tallies the commercial real estate sales and lease transactions that closed during the previous year and presents CoStar Power Broker Awards to the brokerage firms and individual brokers who closed the highest transaction volume in commercial property sales and leases in each market.

"CoStar Group is very proud to recognize the commercial real estate brokerage firms and brokers who performed at the industry's highest level under what can only be described as the most challenging circumstances in decades," said CoStar Group CEO Andrew C. Florance. "Top performers deserve to be recognized for their innovation, prowess and deal-making abilities to achieve remarkable sales and leasing success in 2009, despite the challenging economic climate. We congratulate all the award winners on their impressive professional accomplishments."

All awards are based on transaction data in CoStar's commercial real estate database, the largest independently researched database of commercial real estate property information available online.

Now in their eighth year, CoStar Power Broker Awards are presented to the top firms and individuals by market (including Cleveland) who achieve outstanding volume of property sales and leasing transactions in office, industrial and retail properties as reflected in CoStar's database as of year-end 2009.

Individual brokers are recognized in the following categories: Top Office Leasing, Top Industrial Leasing, Top Retail Leasing and Top Sales. In addition, Top Leasing and Top Sales CoStar Power Broker Awards are presented to brokerage firms in recognition of the volume of property sales and leasing transactions in office, industrial and retail properties they generate companywide within that market.
